Every Monday and Thursday a newspaper as good as a magazine—and better, for it contains the latest by telegraph as well as interesting stories—is sent to the subscriber of the "Twice-a-week" Republic, which is only \$1 a year.

The man who reads the "Twice-a-week" Republic knows all about affairs political, domestic and foreign events; is posted about the market and commercial matters generally.

The woman who reads the "Twice-a-week" Republic gathers a bit of valuable information about household affairs and late fashions and finds recreation in the bright stories that come under both the headings of fact and fiction. There is gossip about new books and a dozen other topics of special interest to the wide-awake man and woman.
